## ABOUT ME

I'm a backend-focused developer with a growing interest in artificial intelligence. I started my journey with frontend basics like HTML, CSS, TailwindCSS, and SCSS, and gradually transitioned into backend development using **Python** and **Django**.

Currently, I’m trying to build applications with 3 parts that I have knowledge in: Back-end, Front-end and AI, even though I'm new to the last one I’m able to use them in my projects. My passion for **machine learning and data science** is growing rapidly, and I actively participate in bootcamps and challenges to improve my skills in these fields.

With strong analytical thinking, creative problem-solving, and a deep curiosity about media and technology, I’m constantly learning and evolving to become a versatile developer and AI enthusiast.

## SKILLS

### Soft Skills

- Analytical thinking & creativity
- Teamwork & collaboration
- High responsibility and time management
- Resilience and stress control
- Adaptability & feedback openness

### Technical Skills

- **Languages**: Python
- **Backend**: Django Template, Django RestFrameWork, DataBase Architecture
- **Frontend**: VueJS, HTML, CSS, TailwindCSS, SCSS, Bootstrap
- **Tools & Others**: Git & GitHub, Figma, Photoshop, Illustrator, ICDL
- **AI(Beginner)**: Data analysis, Machine Learning, LLM, AI agents
- **English**: B2-C1

## EXPERIENCE

### **Mega Vision Team, Mashhad** — *Full-Stack Developer*

April 2024 - Present

- Learning Django core concepts including Templates, Views, ORM, and basic routing.
- Practicing backend logic implementation with Django's Model-View-Template (MVT) architecture.

Skills:

- Django (Templates, Views, ORM)
- DRF
- Data Analysis(Beginner)
- VueJS

### **Mega Vision Team, Mashhad** — *Junior FrontEnd Developer*

November 2024 - March 2025

- I have done projects by html, css, sass, tailwindcss and JS.

## EDUCATION

### **Farzanegan 1**

July 2020 - 2023, Mashhad

I have studied the 7th grade to 9th there, learning the general lessons.

### **Sampad Saadi Technical and Vocational School, Computer**

July 2023 - PRESENT, Mashhad

I'm currently passing the 12th grade, and I have passed the 10th grade with 19.91 average score.

## AWARDS

- **2nd Place - "*CanGrow 2" Bootcamp* (Python, Data Science & Algorithmic Thinking) -** Part Software Group
- **First Place in Paya League** (with 100% correct answers)
- **Participated in "Crocodile 1" Web Development Bootcamp -** Part Software Group
- **Participated in "HodCode 1" WordPress Theme Development Course -** Part Software Group
- **Passed the First Round of 2023 Media Literacy Olympiad**
- **Participated in Quera Back-End Competition** (Persian version)
- **Participated in Quera Front-End Competition** (Persian version)
